# Designing Smiles With No Preparation And Ultrathin Veneers

Friday 29th June 2012

Schottlander, Fifth Avenue  
Letchworth Garden City, Herts SG6 2WD

*This course will qualify for 7 hours of CPD*

*This is a Limited Attendance Course. To ensure your place, please book online at [www.bacd.com](http://www.bacd.com)*

**A unique combination of lectures, "LIVE" demonstrations and hands-on clinics.**

Learn the specific techniques needed to create beautiful smiles without reducing enamel or with minimal intervention.

With the rise of aesthetic dentistry in the media the public is becoming increasingly discerning: they demand and expect the best. No Preparation Veneers or Ultrathin Veneers provides a functional, highly aesthetic and durable alternative that is conservative of tooth structure. Learn the step - by - step process from diagnosis to cementation.

You will be able to learn the following:

#### **Treatment planning (both aesthetic and functional ) for excellence**

- Complete examination and diagnosis of a patient utilising several diagnostic recording and evaluation tools
- Smile Analysis: Advanced Detailed Assessment and Diagnosis
- Phased sequencing and planning of the comprehensive case
- Planning for the most common type of cases e.g. crowding, diastemas, tetracycline staining, combination cases (e.g. gaps, veneers, reverse  $\frac{3}{4}$  porcelain crowns) and wear cases

#### **Minimal Tooth Preparation for Ultrathin Veneers**

- Correct Assessment and Visualisation of Smile Design principles
- Understanding preparation techniques for Adhesive Dentistry including crowns, veneers and onlays
- Important occlusal principles in Smile Design
- Selecting and using the correct burs for teeth preparation
- Utilisation of diagnostic wax ups to achieve an aesthetic and functionally correct "trial smile"
- The use of lasers (soft and hard tissue) to enhance the gingival outlines

#### **Laboratory Communication**

- Correct impression taking for predictability and accuracy
- Learn to create accurate and detailed pre-treatment records
- Diagnostic mock ups using composite to simulate the new smile and aid increased accuracy of wax ups
- Facebow record, Stick-bite record, Centric Relation bite records
- Choosing the correct shade for optimum aesthetics
- Choosing the correct ceramic material for each case

#### **Veneer provisionalisation that's amazing, fast and aesthetic**

- Create final restorations that are predictable aesthetically and functionally
- Creating the ultimate temporaries to "WOW" the patient
- Using provisionals for occlusal management and case predictability

#### **Interdisciplinary Cosmetic Dentistry**

- Orthodontics
- Immediate Veneers
- Cosmetic Dentures
- Teeth Whitening

#### **Practice Management**

- Market correctly to attract the patients most suited to your Practice
- Learn Successful Ethical Case Presentation techniques
- Understand the core principals of achieving case acceptances

#### **A Unique Hands On Experience**

- Hands-On Trial preparation workshop to perfect your preparation techniques
- Hands On Centric Relation records
- Accurate impression taking techniques
- Hands on Provisionalisation

Dr Rahul Doshi BDS (Lond.) LDSRCS (Eng.) is the director and founder of The Perfect Smile Studios and The Advanced Training Institute, where he teaches Interdisciplinary Comprehensive Hands-On Dentistry.
