NuCalm is Changing the Perception of Dentistry

"NuCalm is a unique system for the erasure of stress and anxiety ... recognized and unrecognized. It is in daily use in my office; we have two – one used in hygiene and one at my chair. In the last three years, it has been far more effective, popular, and timesaving than nitrous, hypnosis, and IV sedation ... with no drugs and only relaxation and refreshment as a hangover. My first instrument paid for itself the first week I used it ... it is a life-changer." – Dr. Omer Reed, Phoenix, AZ

Give YOUR patients something to talk about!

NuCalm® is the all-natural way to promote your practice. When your patients talk, people listen. What do over 130,000 dental patients say about NuCalm ...

- ✓ **95%** would use NuCalm again
- ✓ **98%** would recommend NuCalm to friends and family
